Subject: GAF/ELK Timberline® Prestique® 40

To Whom It May Concern:

This is to confirm the GAF/ELK Timberline® Prestique® 40 shingles in any color have been discontinued in 2010 and there is no direct replacement shingle available. The closest GAF shingle would be the GAF Timberline® Ultra HD and will have some color or texture variations due to changes in sourcing of the granules. As such, GAF does not recommend mixing current GAF products with existing GAF/ELK or ELK products.

If you have any further questions, please contact us at 800-766-3411, follow the prompts to technical services.

Sincerely,

Joe Smith
