Replacement Recommendation for GAF's Capstone® Lifetime Designer Shingles

Please be advised that due to changes in consumer preference and business demand for Capstone® Lifetime Designer shingles, the Capstone® product line was discontinued effective February 2012.

For roofing replacements or installations that require a profile comparable to that of Capstone® Lifetime Designer shingles, we recommend Glenwood™ Lifetime Designer shingles.

Should you require additional information about Glenwood™ Lifetime Designer shingles, please see www.gaf.com or contact your local GAF territory manager.

Sincerely,

Leslie Franklin
